

## ON DEPUTATION TO TAKE THE GOSPEL TO **URUGUAY**

On Friday night, Micki and I had the privilege of attending a sacred music concert in Harvard, Illinois. On our way back to Watertown, a deer ran out of a corn field toward our car. Too sudden for me to slow down, the deer and I both swerved slightly, and the damage was minimal. We are thankful for God's protection and...insurance!

### **Missions at Home Update**

In our September prayer letter, I related how we are having a Bible study with a Hispanic couple from Watertown, and how we invited some of our lost friends to the men's and women's night at Calvary Baptist, our home church. We are stilling having the Bible study, and my friend Nick and his girlfriend have also agreed to have a Bible study with us! We are praying for Martha's and Cirino's growth, and for Nick and Marybell's salvation—please pray with us!

### **Uruguay in December**

Under the guidance of our deputation director, Micki and I will be visiting Uruguay in December. Though Mick loved Peru when she visited last summer, and though Peru is similar to Uruguay in some ways, it will be helpful for Micki to see the land and meet the people of Uruguay. Some of our objectives while there include getting reacquainted with friends I made last summer (including Chuck and Clara, American expatriates who need the Lord), touring Montevideo and Colonia so Micki can get a good taste of the culture, checking houses and prices, interviewing language tutors and being a blessing to the church in Colonia.

### **Conference Season**

Fall is conference season, and we are enjoying a week-long reprieve before things pick up again in a few days. We are giving some needed attention to chores recently neglected, but getting rested as well. We are so thankful for the support base God is giving us. We are praying that God puts us on the field by the summer of 2014.
